

## Oppose White Nationalist Organizing at MSU

This Fall white nationalists, neo-Nazis, and other Alt-Right groups have promised to try to organize racist and fascist networks and events on MSU's campus.

We can't let this happen.

We have to oppose the white nationalists at every turn: from Identity Evropa's persistent flyering to Richard Spencer's attempt to reserve space on campus this September.

Students, community members, leftists, and anarchists, are all committed to fighting the rise of the far right in our communities.

*We are stronger than the far-right. We can shut down their hate.*

If you see their flyers, rip them down.  
If you find out who they are, let us know.
