

ANTI-RACIST ANTI-FASCIST BLOCK PARTY!

July 31st is an anti-racist anti-fascist day of action and outings in Hamtramck!

Since the Trump election, there have been more and more attacks on our communities from the far right. Street level attacks from white supremacist and attacks from the state and government have targeted working class people and people of color. Our neighbors, family, and friends fear immigration raids and their families being torn apart. Black and Brown folks continue to be gunned

down by the police with impunity. Reactionary policies like the travel ban on Muslims are pursued and supported by politicians. Our response to that needs to be standing together, all of us. We need to unite regardless of race, religion, gender, sexuality, or background to fight against state and fascist attacks on our communities. Turning on each other isn't the answer and won't help us solve our problems.

Faced with that reality, there are racist and white supremacists trying to carve out space here in Hamtramck. Racist stickers and graffiti have been showing up. Racist, anti-women, and fascist groups like Identity Evropa and Proud Boys have been visiting and putting up flyers in Hamtramck. They are here to divide us. It's up to all of us to come together and not let that happen. Make Hamtramck a no-go zone for racists!
